IN THE DAY'S NEWS CHACA CANYON

The first summer's work expedition to study Chaco Canyon, New Mexico, to the New London Brewery placing a where vast apartment dwellings housed one of the most thickly populated and highly cultured communities in North America before Columbus came, has just been completed, according to a report made to Gilbert Grosvenor, President of the National Geographic Society by Neil M. Judd, leader of the expedition upon the latter's return to Waishington this week.

While details of the summer's finding to stney Chaco Canyon, New Mexico, where vast apartment dwellings hous-

while details of the summer's finding must await formulation to be presented to members of the National Geographic Society it is stated that the results of the first season's work fully justify the belief that the studies in New Mexico, which will be continued through several summers, will rival turn to the United States and become during that war.

Its idea it seems is to encourage better relations between the countries and different forces of Fenians were to arrive that Pompeii of South America, Mader relations between the countries and at the Canadian border in small parties, at the Canadian border in small parties, lay of Ten Thousand Smokes, Alaston at the Canadian border in small parties, at the Canadian border in small parties.

and the was located in this country and the government for the country and the government for the country. It is to be realized that conditions have changed. It is even claimed that there is some claimed that the country and other secrets that the country and the last military and other secrets that the country and that there is the country were waiting only until their weapons had be sent to them.

This is seithed out to the strips of the Canadian borders which is cut out near the Chaco Canyon is that segment of the Chaco Canyon is the chaco Canyon is the country. The Chaco Canyon is th ber to build and whence the water to cultivate the corn, beans, and squash of these aboriginal farms?

"From an airplane this gash in the desert surface might resemble a magnified sector of the Panama Canal, Closer inspection would disclose, how-ever, not an expanse of water, but an unwatered canyon, in or bordering which are a dozen huge ruins that look to the casual observer like remains of giant apartment houses, containing hundreds of rooms, with associated temples or sanctuaries, known as kivas, and lesser dwellings, the true significance of which is not yet known.

"More astounding still, some of these arger structures, such as the Pueblo lel Arrovo (arrovo-wash), one of the two ruins upon which the Society's expedition is to cocentrate its investigations, are built after the familiar E-shaped ground plan of the modern office building, with the addition of curved wall binding the ends of the E projections and forming inner courts. The other ruin to be studied, Pueblo Bonito (bonito-beautiful), is a Dshaped building, with its curved wall

800 feet long. "Archeologically this ancient Island of Manhattan, surrounded by a sea of sand, may accurately be described as a hundred miles from anywhere', for it is 100 miles north to the cliff dwellings of the Mesa Verde, 100 miles south to the ancient Zuni towns, and

of the District of Columbia there are by struggling to get the aerial truck up the many grades in time to be of service.

LUXURY AND NUISANCE

TAXES OCCUPY SENATE Washington, Nov. 1. → Luxury and nuisance taxes held the center of the senate stage today and tonight with paren up five weeks ago. So many of this class of excises were voted out of the bill that the charge was made from the democratic side that there was a move-ment afoot to strip the measure, so as to make necessary the adoption of a gen-

This was denied by Senator Penrose of Pennsylvania, in charge of the bill, who said it was not the time to bring for-ward a sales tax. He assured the senate that even if all the items proposed for repeal went out of the bill, there would be a margin of \$10,000,000 between the government income and outgo.

The sales tax discussed was accepted as notice of the fight that is to come when Senator Smoot, republican, Utah, brings up his proposals for tax, probably on Thursday. The Utah senator introsales tax plans. One proposes a 1 per

the other proposes a general turnover tax of 1-2 of 1 per cent, where the sales exceed \$5,000.

Senator Smoot previously had offered an amendment providing for a beneral manufacturers' sales tax of 3 per cent. lieu of all the miscellaneous taxes. His
